EP1820 ULTRASONIC CLEANING SYSTEM

- **Portable / Rugged / Most Advanced Ultrasonic Technology.**
- **Programmable Digital Control For Temperature-Time / Pump & Dual Filters / Overflow Weir & Surface Sparger / Oil Removal / Cover Converts to Drain Rack.**
- **Ceramically Enhanced Transducers Provide Effective Ultrasonic Cleaning**
- **Options: Additional Basket /Auto-Fill**

Voltage	240V / 1 phase
Amps	37.6
Heat Power in RMS Watts	4000
Operating Temperature	130 - 165
Ultrasonic Power in RMS Watts	2000
Ultrasonic Standard kHz	40 kHz
Overall Dimensions LR	26 1/4"
Overall Dimensions FB	33 1/4"
Overall Dimensions HT	47 13/16"
Capacity Gallons	31
Working Tank LR	18"
Working Tank FB	20"
Working Tank Liquid Depth	18"
Basket LR	15"
Basket FB	18"
Basket Depth	18.5"
Wheels	4 inch Casters
Pump	Included*
Dual Filtration	Included*
Surface Sparger	Included*
